BHUMI HANG RAI

EXPERIENCE

- 2019
Present
COMPUTER OPERATOR
Jaya Ganga Tour & Travel Pvt. Ltd. **Biratnagar, Morang**
 - Monitored and maintained computer systems and networks to ensure their optimal performance. Use monitoring tools to track system health and respond to alerts promptly.
 - Entered data into computer systems with a high level of accuracy. Verified data for completeness and correctness, making necessary corrections when required.
 - Managed print jobs and maintained printers, ensuring that print queues were processed efficiently. Replaced printer consumables and reported maintenance issues.
 - Performed regular data backups and assisted in disaster recovery planning. Tested backup procedures to ensure data integrity and availability.
 - Maintained accurate records and documentation of system activities, job logs, and incident reports. Created and updated operational procedures and manuals.
 - Collaborated with other IT staff, including system administrators and help desk personnel, to coordinate and execute tasks effectively. Communicated system status and issues to relevant parties.
- 2017
2019
JUNIOR COMPUTER INSTRUCTOR
Bright Future Educational Institute. **Padajungi, Jhapa**
 - Developed and implemented engaging lesson plans to teach fundamental computer skills to a diverse group of students, resulting in improved understanding and proficiency in areas such as software applications, coding, and internet navigation.
 - Assisted in the setup and maintenance of computer hardware and software, ensuring optimal functionality and troubleshooting technical issues to minimize disruptions during class sessions.
 - Provided one-on-one support and guidance to students, offering personalized instruction and feedback to address individual learning styles and assist in overcoming challenges.
 - Collaborated with fellow instructors to design and deliver interactive workshops and training sessions, fostering a collaborative learning environment and promoting teamwork and knowledge sharing among students.
